

Technology built to move

UrbanBound is relocation technology that puts the power back in your hands, providing you the clarity and flexibility you need to set your people up for success on day one.

The support HR teams need. The tech employees expect.

94%

of employees stay under budget during their relocation

66%

cost savings compared to traditional Relocation Management Companies

24%

average savings per move over in-house relocation

“““

Since implementing UrbanBound 4 years ago, we've seen a large cost savings in our relocations. Cost-savings is the #1 most important thing we can do - every dollar we save goes to helping a child beat cancer.

John Leech, Director of Talent Acquisition, St. Jude Children's Research Hospital

UrbanBound is a new kind of relocation management company - one that delivers positive, personalized experiences for your employees, based on flexibility, choice, and intuitive software. We help you cut costs, not satisfaction.

Robust employer reporting and analytics tools.

Planning tools to keep HR - and employees - on budget.

Trusted, reliable suppliers with direct online booking.

Experienced, responsive relocation consultants.
