

## Streamline Your Operations with AI-Powered Workflow Automation

Medsender automates the manual administrative work nobody *really* wants to do, so you can focus on what really matters.

### Integrated Solutions. Seamless Experience.

From check-in to check-out, we've got it covered.

#### AI Fax & Document Automation

Accurately extracts data, updates and creates charts, and saves your team hours of manual work.

#### AI Referral Management Automation

Reduces time to schedule by 85% and keeps your referring providers in the loop, helping you capture more revenue with less effort.

#### AI Patient Communications Automation

Every call is answered by a human-like voice, day or night. There's no hold music, no missed patients, just faster scheduling and happier patients.

### Real results. Real practices.

**65%** average cost savings

**40+** hours saved per week

**80%** reduction in patient call handling

**15%** increase in patients scheduled

*Before Medsender, referrals used to sit for days. We now process all of our referrals the same day and schedule 50% within minutes of receiving them. That's not just faster revenue; it's more revenue!*
