Textmetrics

customized software

FOR EVERYONE WHO WRITES

Our smart AI writing software

You do not need strong interpersonal and communication skills

Try to avoid too difficult words. Use a B1 level word as suggested below:

- *You do not need strong* social *and communication skills*

available in 12 languages

✓ your company tone of voice

✓ your company branding

✓ your company knowledge

Our solution

Our writing software is for everyone who writes. The software offers suggestions for gender inclusive and understandable high-quality content. The software is customizable. We can apply all of your own writing rules, such as your own tone of voice, SEO rules, and (employer) branding. Writing without thinking!

Relax, Textmetrics does the thinking for you.

Wherever you write, our platform is your second reader

- ✓ Software customized for your company
- ✓ Your company branding & tone of voice
- ✓ Write Clearly & Inclusively
- ✓ Available in 12 Languages

Motivate | **Top 15 pull factors**
