

SIMPRO®

Safety Culture

Why use SafetyCulture with Simpro?

- Ease of Use/ Interface / Mobile responsiveness.
- Compliance Requirements / 10,000s of templates.
- Unlimited Customization in Templates.
- Conditional Logic and advanced forms.
- Better Reporting and Analytics.
- Scalability (Contractors, Field Staff)
- Better integrations into other apps.

Syncs Jobs and Inspections
Every 15 Minutes

150 standard Fields and any Custom fields from Simpro can be filled in Inspections.

Customer Details Pairing	
Select SimPRO Job Fields	Select SafetyCulture Question
Type	Type of Job
Customer - CompanyName	Customer - CompanyName

Customer - FamilyName	Customer - FamilyName
CustomerContact - GivenName	CustomerContact - GivenName
CustomerContact - FamilyName	CustomerContact - FamilyName

Job Details Pairing	
Select SimPRO Job Fields	Select SafetyCulture Question
OrderNo	OrderNo
RequestNo	RequestNo
Name	Name
Description	Description
Notes	Notes
DateIssued	DateIssued
DueDate	DueDate
Stage	Stage
Status - Name	Status - Name
CompletedDate	CompletedDate

- Timely automated Two-Way Sync; New Jobs added to SafetyCulture, & Completed Inspections to Simpro.

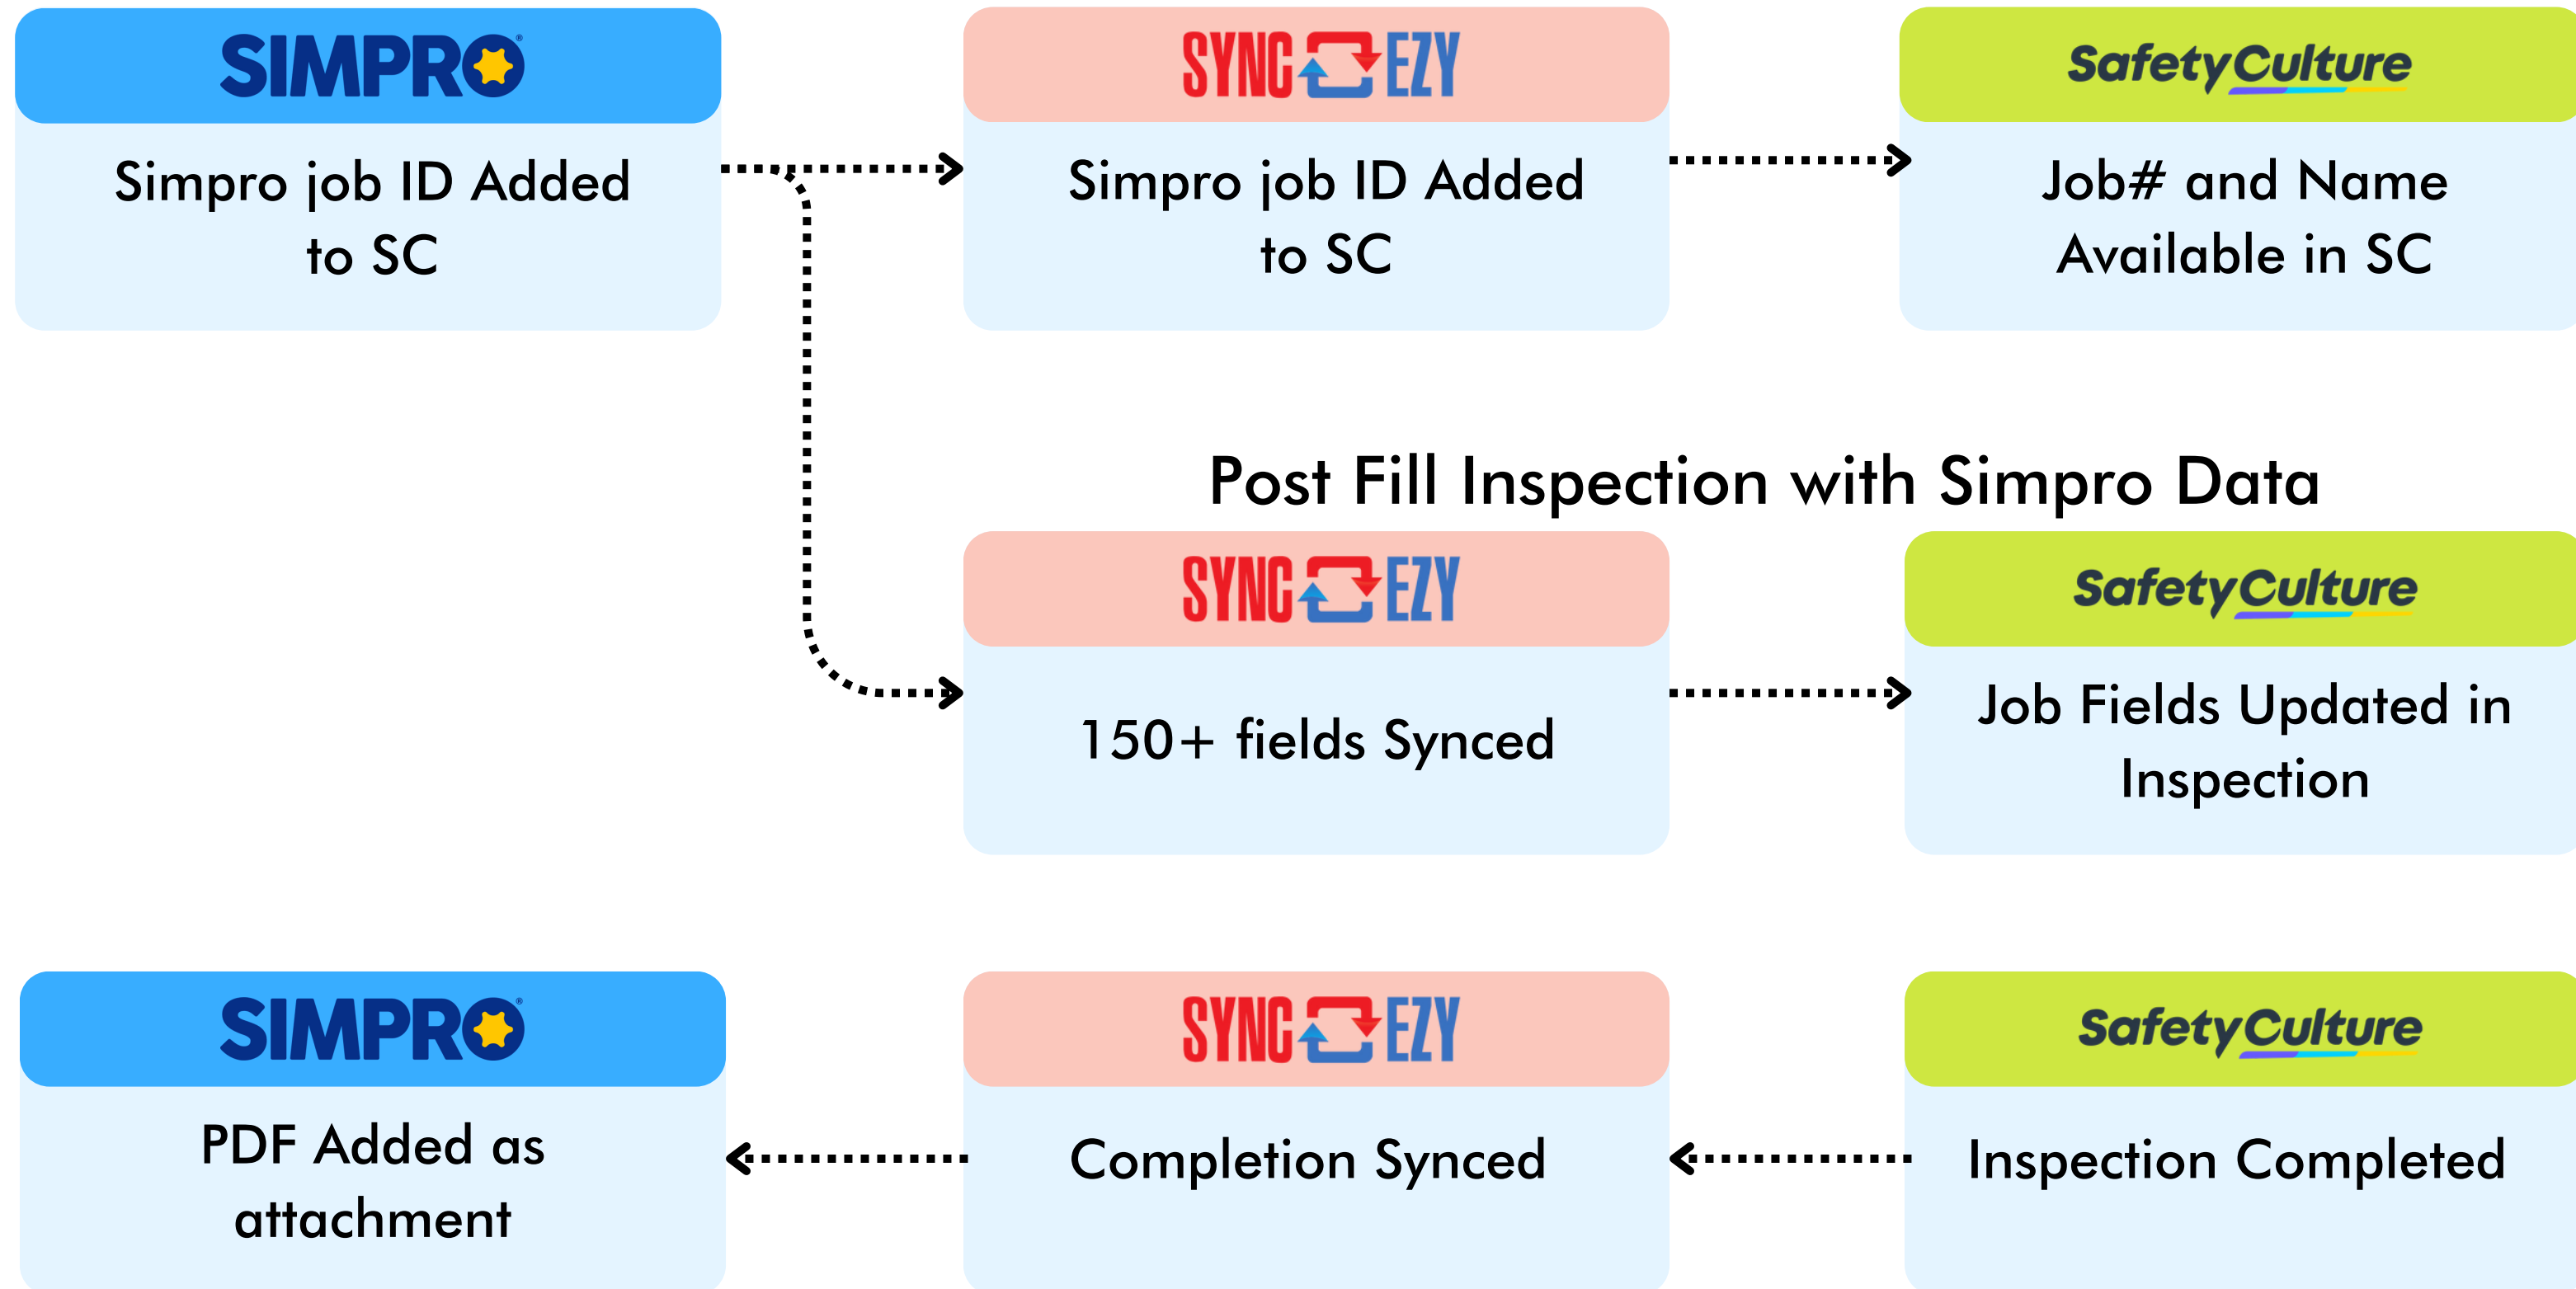

- Simplified document management: Inspections added to Jobs without having to download/upload.

- Quicker completion of Inspections: Users can skip paired fields, knowing they'll be populated by the sync in the final report.

- Efficiency Gains: Streamline your workflow, letting SafetyCulture and Simpro work together.

Security Certifications
15 Minute setup

Chat, Email, Phone Support
Red Carpet Onboarding
Account Managers

Built with security in mind.
No network ports to open.
Nothing to install.
100% cloud based
