

Doing good<sup>™</sup>  
through engaging  
websites

We create high-performing websites that help you reach your goals.

 Crown Financial Ministries

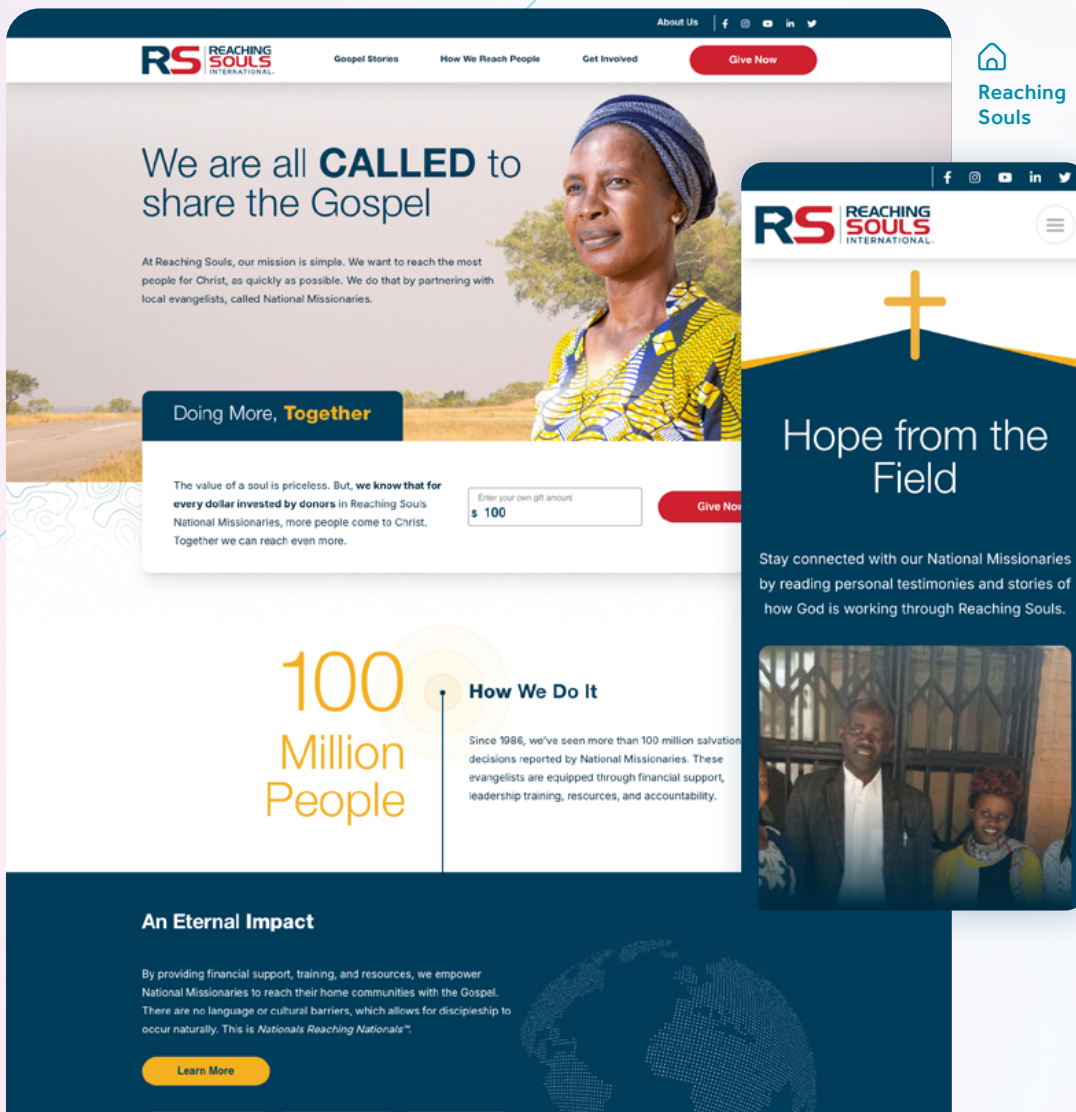

You want your digital home to stand out in a world full of noise and constant change . . . to raise funds that benefit your cause. And that's what we want for you, too!

### When you work with Digizent, we will:

- Create or redesign a site for you that's clear, compelling, and true to your mission
- Spend time listening to understand your goals and create a strong, collaborative relationship
- Build an online presence that amplifies your voice and speaks to the right donor audience
- Optimize your site for fundraising, focusing on the donor's experience

Your website is more than a donation tool . . . it's meant to build relationships.

Digizent optimizes fundraising by crafting compelling, donor-centric copy that evokes emotion and urgency. It ensures intuitive website navigation, with a clear, minimal path to donation pages. Prominent, well-placed buttons boost visibility and conversions.

**Storytelling, impact visuals, and personalized messaging foster emotional connections with your donors, emphasizing relationship fundraising over one-time gifts.** Strategic calls-to-action and donor journeys are mapped to deepen engagement. And we can continuously review your website analytics to refine content, placement, and user experience for maximum donor conversion and long-term loyalty.

# Responsive design brings a better experience and more conversions.

Effective websites are a strategic blend of exacting information architecture, intuitive user experience, compelling design, motivational and informative copy, and technical brilliance. **Each page must be accessible for all audiences and at its best on every device: desktop, notebook, tablet, and phone.**

### Get daily Mass reminders delivered to your inbox each day

Join us for Mass every day! EWTN offers televised daily Mass live at 8 a.m. Eastern time, celebrated from Our Lady of Angels Chapel on EWTN's campus. Holy Mass and the readings of the day are also available to view any time online. Mother Angelica knew that many faithful people are unable to attend Mass in person, so it was her desire to bring the Holy Mass to you every day via EWTN!

EWTN Missions Website

Optimized for Mobile

With the rapid pace of technology advancements, a two- or three-year-old website is probably in need of refreshing — or possibly something more substantial. **This is where Digizent excels!** From concept to launch, our team handles every detail so you can focus on what you do best. We stay on top of the constantly evolving technologies and trends to bring you online fundraising success — **on time and on budget.**

Focus On  
The Family

The team at Digizent are experts at creative problem solving, technical know-how, and project management. They walked with SAT-7 through the process of building and launching a website that met our growing needs and performed beyond our expectations. Not only is the Digizent team professional and proficient, but they act as an extension of our staff. Working with Digizent is a pleasure.

# Digizent will walk with you each step of the way.

1.

**We start with a discovery call to learn about your organization's goals, donor audience, and current challenges.**

This ensures your new website aligns seamlessly with your overall marketing strategy. If you're redesigning, we'll also conduct a site audit to identify what's working, what's not, and where there's room to improve to meet your fundraising goals.

2.

**After planning, our UX/UI design team creates wireframes and mockups tailored to your brand.**

We review wireframes and mockups with you collaboratively, making revisions based on your feedback to ensure the design is both functional and visually appealing.

3.

**Once the design is approved, our development team brings it to life using responsive, SEO-friendly code.**

Your site will perform flawlessly on mobile, tablet, and desktop. We also integrate tools like contact forms, analytics, and CRM systems as needed.

4.

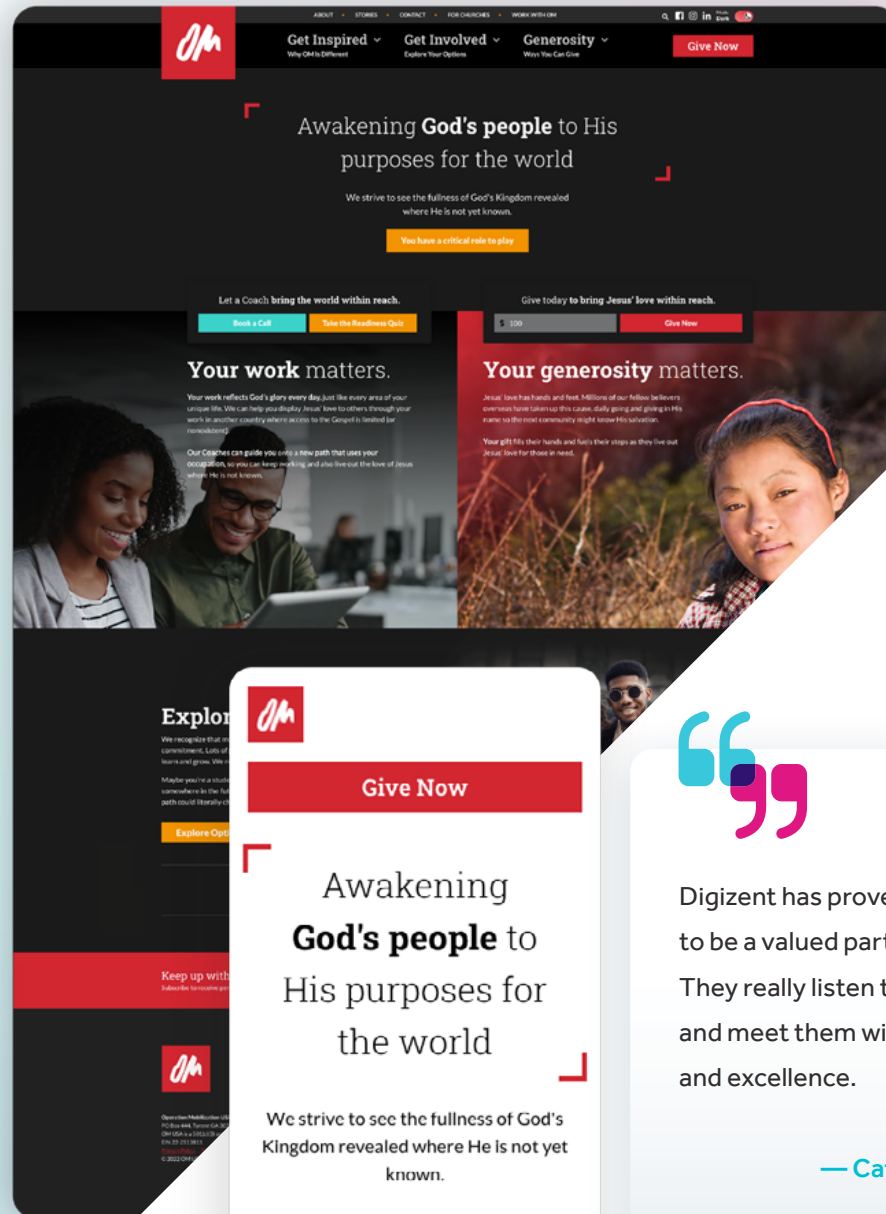

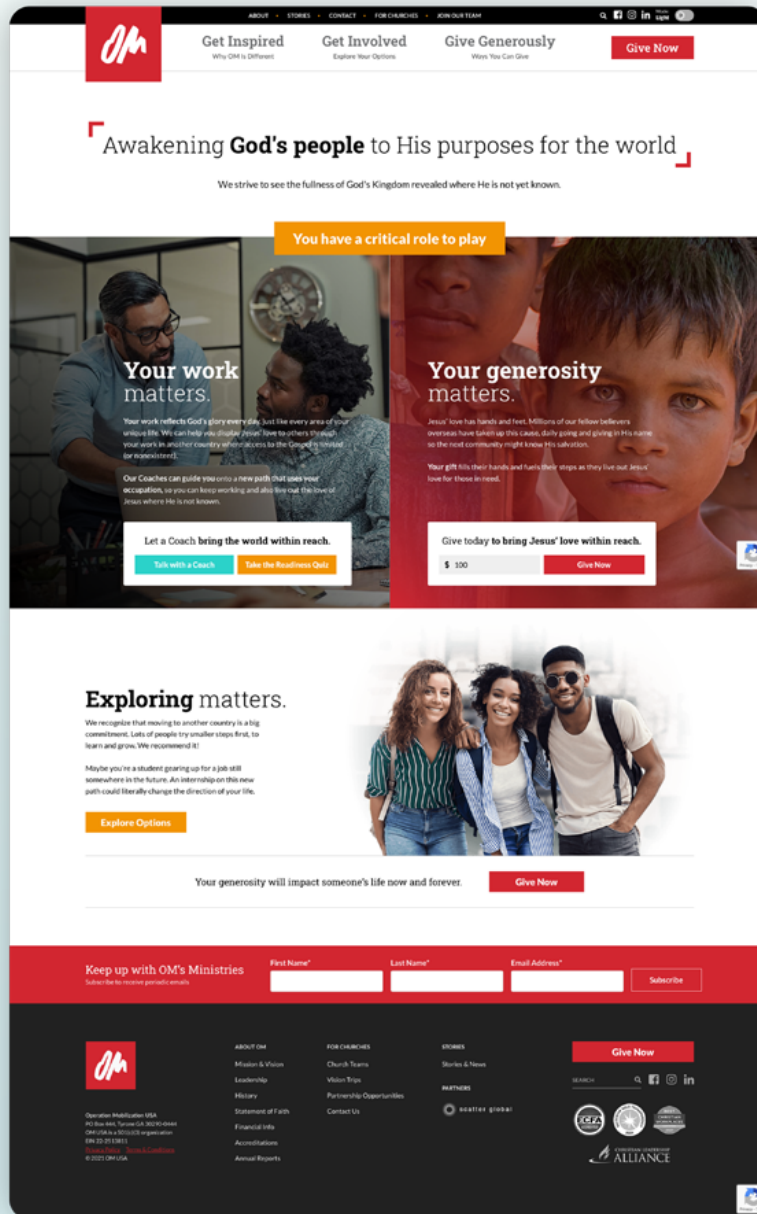

**You review, request any changes, and ensure the final result meets your expectations.**

You'll have opportunities to share input at every stage. We prioritize open communication throughout the project and ensure you're involved at each key milestone.

5.

**After your site launches, we can provide post-launch support, performance monitoring, and optional maintenance packages.**

We don't just launch and leave. We also offer digital marketing services to help drive donors and potential donors to your new site.
