Pastor Washington puts it bluntly.
"We need the Word of God."

Pastor Washington is one of several dedicated believers taking Bibles into schools in his community in South Africa. He's currently serving 11 schools.

There are more schools to reach but not enough Bibles. "Bibles are expensive," he says. "People cannot buy Bibles in these conditions."

People in Pastor Washington's community can't go and buy Bibles for themselves, but you can send Bibles to them! Right now, you can send Bibles to communities like this one, helping people like Pastor Washington to go out and share the Gospel. You can equip him and others with the sword of the Spirit, the Word of God.

"This is a priceless gift," he says. "This is a weapon that we can use effectively."
