Transform Candidate Screening

Added Insight's customised online candidate gateway assessments save time and money by reducing or eliminating the need for manual CV screening, creating a shortlist of the most suitable candidates.

Based on metrics that have been matched to your business needs, InSite Gateway delivers a fair, impartial, and time-effective process to shortlist – clearly identifying potential high-performers.

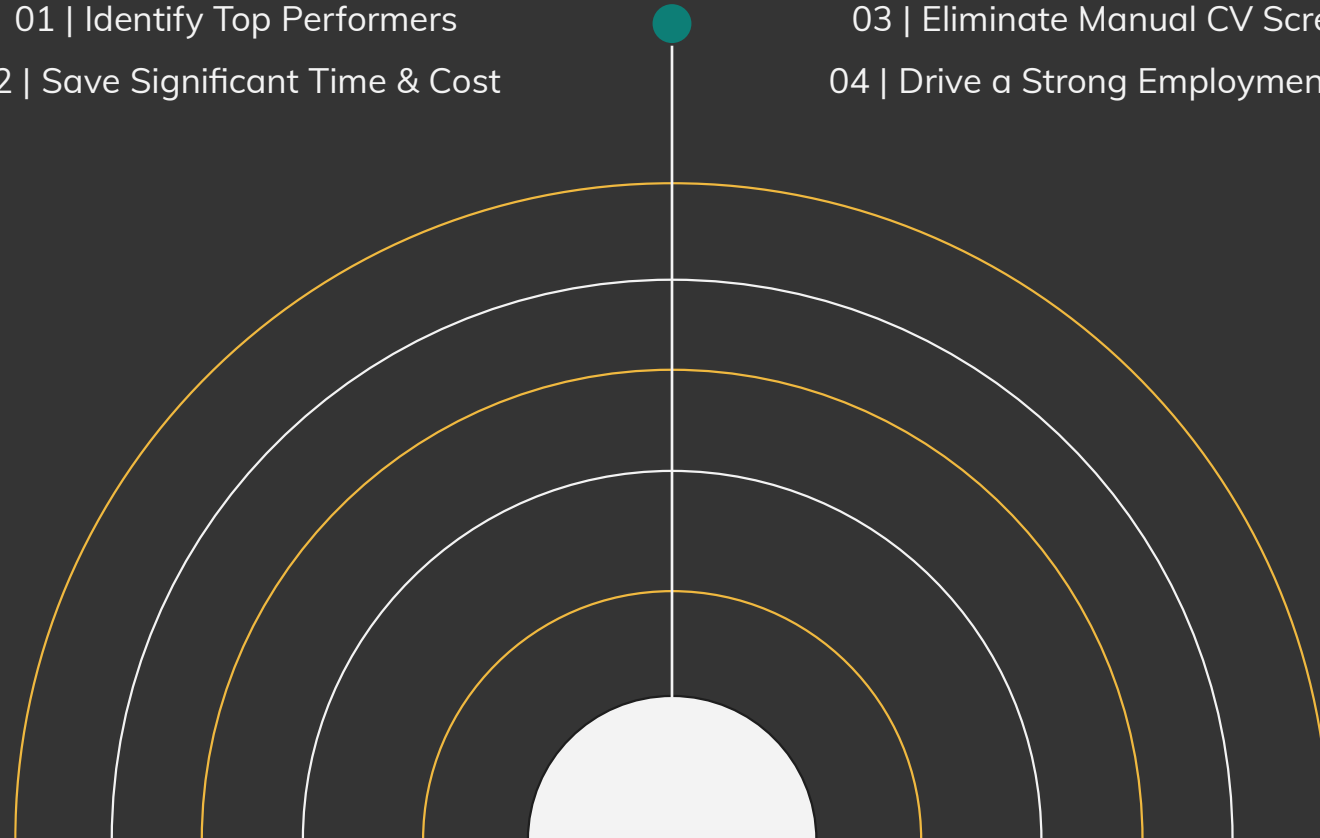

Assessments are tailored to key job criteria, job level, and job category to select those that best suit your role requirements.

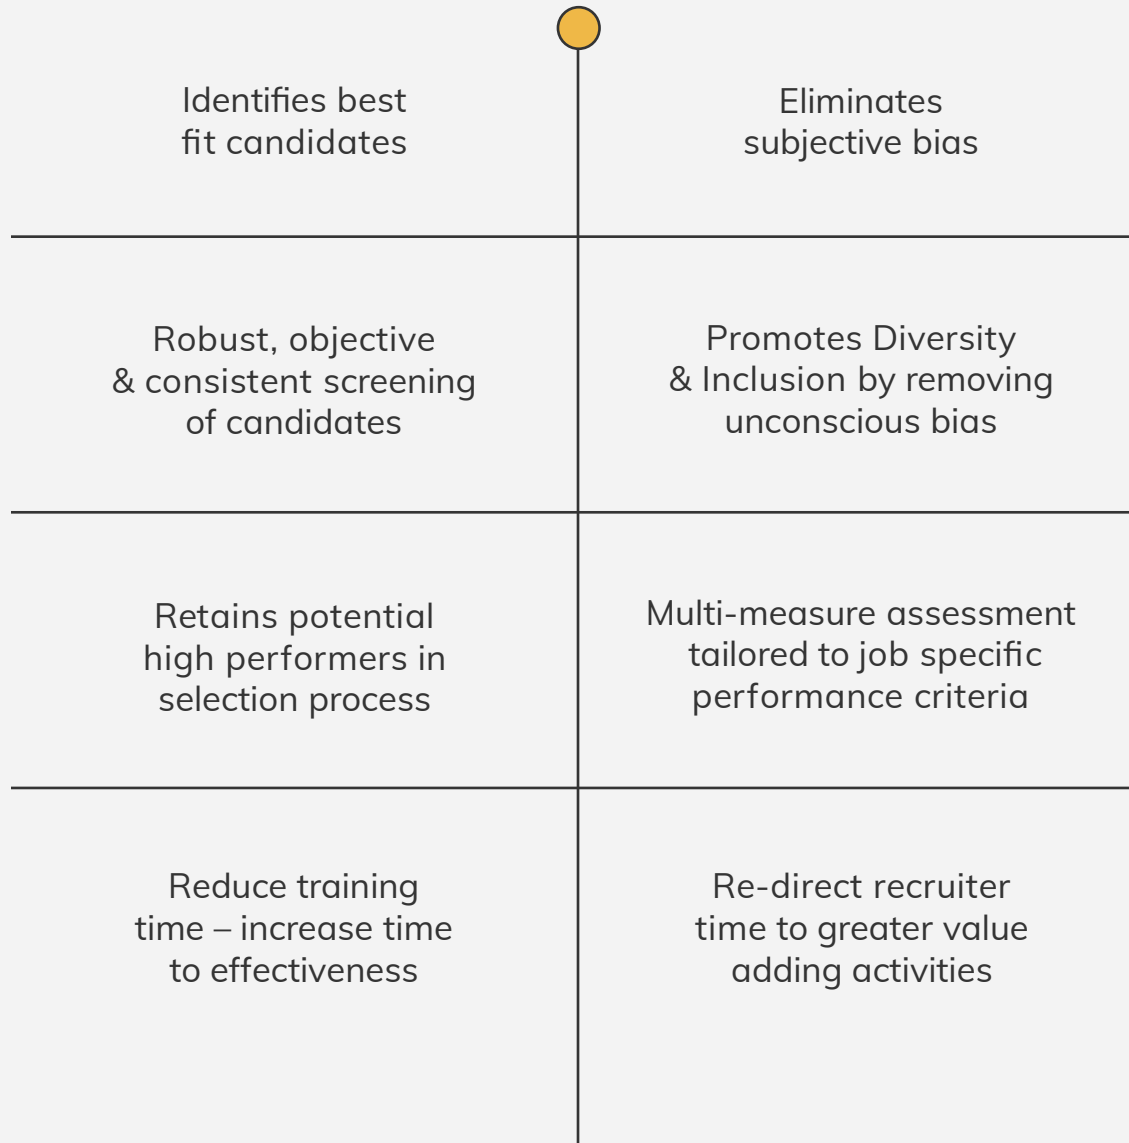

InSite Gateway

01 | Identify Top Performers
02 | Save Significant Time & Cost

03 | Eliminate Manual CV Screening
04 | Drive a Strong Employment Brand

Outcomes

Identifies best fit candidates	Eliminates subjective bias
Robust, objective & consistent screening of candidates	Promotes Diversity & Inclusion by removing unconscious bias
Retains potential high performers in selection process	Multi-measure assessment tailored to job specific performance criteria
Reduce training time – increase time to effectiveness	Re-direct recruiter time to greater value adding activities
