

SmartRecruiters

Setup

1. Navigate to **SmartRecruiters - Apps & Integrations**
2. Open Checkmate integration
3. Click on “Connect” button
4. Click on “Allow and continue”
5. Read and allow SmartRecruiters to access your Checkmate candidates

How to Use

1. Select Candidate to Launch

Open a candidate from people list on SmartRecruiters

2. Select Assessment

- Click “browse” button on assessments section
- Choose Checkmate from the partners dropdown
- Choose bundle to launch and “continue”
- Confirm the chosen bundle

3. Wait for completion

Wait until all checks are done. Meanwhile, you can see its progress

4. Results

Once your checks are done, you will be able to see and download the results.
