Introducing TrueChecks® Batch-Based Fraud Detection Powered by Advanced Fraud Solutions

Identify suspicious checks before funds are released, without changing your current workflow.

How It Works

Your forward collection data is securely sent to AFS.

Checks are analyzed using AFS fraud intelligence.

Flagged items are ready for your team to review and take action.

Pricing Snapshot

Setup: $800 (one-time)

Monthly Support: $100

Per Check:

- $0.030 (TrueChecks)
- $0.065 (with Early Warning Services)
- $250 monthly minimum

Key Benefits

- Early fraud detection without real-time disruptions.
- Actionable daily review queue.
- Reduce losses from fraudulent deposits.
- Simple, seamless integration.
- No workflow disruption.
- No teller or frontline impact.
