SIMPRO®

SYNC EAZY

Sync Properties & Contacts from PropertyTree to simPRO

PropertyTree to simPRO Integration

In Short:

1. Connect your PropertyTree Contact Database (Tenants & Landlords) to simPRO.
2. Automatically sync across tenant and landlord contact details to simPRO for jobs.

What the integration does:

- Sync your PropertyTree database into simPRO
- Bring over Tenants & Landlords and all their contact details
- Sync all contact names, contact details, addresses and fields over to simPRO
- Reduces need to create manual work order requests

Who is it for:

- Smoke Alarm testing businesses
- Electrical & Safety testing companies
- Plumbing & Gas companies
- HVAC teams
- Fire & Safety workers

SIMPRO®

Offer a seamless alternative to

Detector Inspector

SYNCEZY

Offer a seamless alternative to Property Managers

- Autosync the entire Property Database or selectively import certain labels.
- Automatic Notifications when new properties get added.
- Tenant and Property details kept automatically in sync.

Customize pairing and capture all data

A screenshot of the SIMPRO web interface for contact pairing. The interface shows a 'Contact Pairing' tab with two columns of dropdown menus for selecting contact fields from 'PropertyTree' and 'simPRO'. The 'PropertyTree' column includes 'first_name', 'last_name', 'email_address', and 'mobile_phone_number'. The 'simPRO' column includes 'GivenName', 'FamilyName', 'Email', and 'WorkPhone'. There are 'Refresh' buttons and a 'Submit' button at the bottom.

Automate your WORKFLOW

Authorised Integration approved by both Apps
