

Empower your employees with ClassPass

Provide your team with access to thousands of fitness studios, gyms, salons and spas around the globe.

Better benefits for your business

Enable employees to customize their fitness and wellness routine

With thousands of fitness classes, recovery sessions, salon appointments and more, employees can build a workout and self-care routine that fits their needs.

Receive dedicated support

From day one, you and your team will be set up for success with our dedicated account management team, communication guidelines, and program launch and marketing materials.

Directly invest in employee well-being

Your financial commitment goes straight towards employee fitness classes and wellness appointments.

Boost engagement with custom events, challenges and more

Encourage team-building with private company classes and opportunities to invite and join coworkers in class.
