Welcome to Get Me Automated! We specialize in enhancing your business operations through tailored automation and digital marketing strategies. This document serves as your guide to understand and utilize our services effectively.

## **1. Introduction**

Get Me Automated, led by Ashley Voltoline, is dedicated to providing top-tier automation and digital marketing support. We focus on streamlining operations, amplifying online presence, and driving growth for your business.

## **2. Getting Started**

### **a. Initial Consultation**

New projects and monthly retainer clients begin with a half-hour consultation. Schedule [HERE](#). We encourage team participation to ensure alignment with your business objectives.

### **b. Proposal and Planning**

Upon discussing your needs, we'll present a proposal tailored to your business. This includes a detailed plan, timeline, and setup process. We use Teamwork for project management, allowing you to monitor progress and suggest adjustments.

## **3. Our Services**

### **a. Automation Services**

- **Audit and Planning:** We start with an audit/plan for your app, focusing on organizing tags used as goals and triggers in automations. We'll map out essential campaigns and instruct your team on their use.
- **Email Marketing:** Tailored strategies including setup, content creation, design, and execution. We integrate with existing CRMs for seamless automation.
- **Project Based Services:** We offer blocks of time for specific projects, ensuring completion within two weeks.

## **b. Monthly Retainer Services**

Gain consistent support with services tailored to your needs. This includes dedicated account management, monthly strategy meetings, technical support, and priority service. Packages are designed to suit various business sizes and needs.

## **4. Pricing Structure**

- **Implementation Hours:** Ranges from \$800 for 5 hours to \$5000 for 40 hours.
- **Monthly Retainer:** Starts at \$750 for 5 hours monthly plus a strategy call.

## **5. Making Changes and Requests**
