

YOUR BACK OFFICE PROVIDER

Simplifying medical screening services has never been easier. ClearMD now fully automates the site selection of occupational health checks with our updated test ordering process, which eliminates the errors and hassles associated with paper forms, scheduling desks, and partially-integrated solutions.

The ClearMD solution now offers instant electronic registration across a robust network of over 4,000 clinics for 75+ Occupational Health Screenings and is the only stand-alone solution or embeddable, white-label widget that can automate drug testing, clinical screening, occupational health checks, and background screening in a single integrated platform.

ORDERING AND CLINIC SELECTION NOW FULLY AUTOMATED FOR:

- Audiograms
- Breath alcohol tests
- Drug tests
- EKG (Electrocardiogram)
- HPE (Human Performance Evaluation)
- DOT and Basic Physicals
- Medical panels
- Pulmonary function tests
- Respirator fit tests
- Vaccines and titers
- Vision/Ishihara tests
- X-rays
- ...and many more

ClearMD Occupational Health Screening allows you to help employers order drug, clinical, and occupational health screenings with a single automated electronic invitation to candidates. This revolutionary new functionality reduces the need for manual intervention by employers and eliminates confusion for candidates.
